

GENERAL PARKING INFORMATION

The current parking rate for Johns Hopkins' garages is \$11 per day and is subject to change.

Parking for CME activities is allowed in either the Washington Street Garage or the [McElderry Street Garage*](#).

Handicapped parking is available in the nearby Rutland Street Garage (entrance on Madison Street, between Rutland Avenue and Wolfe Street). Free parking is available in the Washington Street Garage on **Saturday only**.

NOTE: The Johns Hopkins campus is large enough that it can take up to 10 minutes to walk from the parking garage to the Turner Auditorium. Please plan accordingly.

Please be prepared to show your registration confirmation for admittance to any Hopkins building.

[*Note: McElderry Parking Garage Renovation Alternative](#)

Patients and Visitors are now asked to park in the Caroline Garage instead of the McElderry Garage for the next several months.

Due to a scheduled overhaul of the elevators in the McElderry Garage (also known as the Outpatient Center Garage), the Caroline Garage, which is located right next door, will be serving as the designated patient/visitor garage until the elevator project in McElderry is completed.

This arrangement is temporary and has been implemented in order to ensure that the patients and visitors to the Johns Hopkins Medical Institutions have access to full-service elevators when parking.

We expect to have operations back to normal in just a few months.

The Caroline Garage can be accessed from both McElderry Street and Monument Street. There are entry lanes and exit lanes on both sides of this garage.
